

The logo consists of a circular emblem with a 3D effect, created by two overlapping rings. The front ring is a light blue color, while the back ring is a slightly darker shade of blue. The rings are positioned such that they create a sense of depth and rotation. In the center of this circular frame, the letters "AFB" are displayed in a bold, sans-serif typeface. The letter "A" is colored in a vibrant blue, matching the front ring of the emblem. The letters "F" and "B" are colored in a dark gray, providing a strong contrast against the white background of the circle's interior.
